EDUCATION

- B.Tech in AI&DS
2022-2026
K.K.Wagh Institute Of Engineering,
Education & Research, Nashik
CGPA: 8.93
- HSC
2021-2022
Bharat Jr. College, Buldhana
Percentage: 87
- SSC
2019-2020
Sahakar Vidya Mandir, Buldhana
Percentage: 96.20

CO-CURRICULAR

- Tech Team Member :
Microsoft Learn Student Chapter
(MLSC), KKWIEER
- R&D Team Member :
Team Antariksh Rocketry Club,
KKWIEER

CERTIFICATIONS

- Design Thinking-NPTEL
- Data Science Workshop-BrainoVision
- AWS Cloud Practitioner - GFG
- Mahindra Pride Soft Skills

INTERNSHIP

- Android Development Intern** *Feb 2025-May 2025*
Innovations HubServices Pvt.Ltd
Skills : Android Studio, Java, XML, Google Cloud
Projects: FindSchool, Smart College, Scanner Based Attendance App
- AI Research Intern** *Dec 2024-Feb 2025*
Iloma Technology Pvt.Ltd
Skills : Generative AI Tools , Prompt Engineering

PROJECTS

- Infant Vaccination Application** *Aug 2025-Sept 2025*
Project Role: Individual Project Built an Android app for **vaccination scheduling, SMS reminders, and booth mapping** using **Google Maps API**. Used **Firebase Firestore** for real-time data followed **OOP principles**.
Techstack: Java, Android Studio, Firebase, Google Maps API, Git
- AI-Driven Backend for Medusa Assistant** *June 2025-Aug 2025*
Project Role: Individual Project
Built a Spring Boot backend with **prompt-based CRUD APIs** for Medusa product data. **Integrated Gemini API** to auto-generate product descriptions from title using generative AI.
Techstack: Java, Spring Boot, PostgreSQL, Gemini API, HTML, CSS, JS
- AI-Powered Patient Health Report System** *Feb 2025-March 2025*
Project Role: Individual Project
Built a full-stack healthcare app integrating Spring Boot and LangChain AI to generate personalized health advice from patient data, enabling doctors to manage patients and reports via an interactive Streamlit dashboard.
Techstack: Spring Boot, Hibernate, PostgreSQL, Streamlit, LangChain

SKILLS:

- Programming Languages :** Java, C++, Python
- Framework & API:** Springboot, Hibernate, REST API, Langchain, RAG
- Databases & Cloud Services :** AWS, Firebase, SQL, Postgresql, NoSQL
- Tools :** VSCode, Android Studio, IntelliJ, Figma, Github, PowerBI, Postman

ACHIEVEMENTS

- Special Appreciation, **SunHacks 2024 -International Level Hackathon**
- Second Prize – **Technical Scavenger Hunt**, organized by MIBCS, KKWIEER
- Ranked among the Top 131 teams out of 1 Lakh+ participants **Amazon Sambhav Hackathon 2024**
- Semi-Finalist-Nasa Space Apps Challenge 2024, Noida
- Received **Special Appreciation By Hindustan Aeronautics Limited** for developing Portable ECG Device.
